

## Life is On with Schneider Electric.

For many decades, consulting engineers, contractors, home builders and distributors have recognized Square D products as the gold standard of predictable, high quality power distribution. The Square D switchgear, breakers, transformers and control systems they specify, and install are regarded by end users as the workhorses of the industry. Advancements in technology have opened the door to new Square D products, new services, and a higher degree of sustainability, powering engineers and contractors to lead the way to a brighter future and a better tomorrow.

Call your Wolff Bros. Supply sales representative today to schedule a short meeting with our Schneider representatives and your company to see how we can help transform your distribution needs.

### Meeting would include:

- Free breakfast or lunch
- Individual attendee giveaways
- Open forum discussion to review what product lines work best for your company
- If you spend \$10,000 or more within a month of the meeting, you will receive \$500 off your next order

**Looking forward to seeing you soon!**
