

Product Name	LB Wire Guide
Brand	<b>RACK-A-TIERS</b>
Part Number	42200
UPC	625912422001

Product Weight and Package Dimensions	
Product Weight	0.29lb
Product Dimensions (L x W x H)	10.5" X 2.5" X 3"
Product Package Dimensions (L x W x H)	10.5" X 2.5" X 3"

Product Material	ABS Plastic
Product Type	Wire Guide
Colour	Black

The LB Wire Guide acts like a “shoehorn” to help you pull wire through a 2” PVC LB fitting with a fraction of the effort and without damaging your wire or hands. This electrical wire guide turns the two-person struggle of 200 Amp services (3/0 wire) into a quick task you can finish by yourself in no time – even in tight spaces. Use this electrical wire guide to easily slide wire in LB’s.

LB Wire Guide allows you to work alone without the extra frustration and shredded knuckles. This is a unique tool that helps you do two-person jobs like conductor installation by yourself, saving time and money. You will never want to work without the LB Wire Guide again. It completely revolutionizes a frustrating job that every electrician deals with.

**Product Features**

- Fits 2” PVC LBs and can be adapted to most 2” metal LBs.
- **WIRE PROTECTION** – Without a wire guide, the cable abrasion from pulling wire through an LB fitting can do serious damage. You can trust the LB Wire Guide to help you smoothly feed conduit through fittings. Keep your wire in perfect condition with this ingenious tool!
- **EFFICIENT** – LB Wire Guide saves you time and effort by helping you pull wire by yourself. The perfect solution for solo conductor installations in tight spaces, use this LB conduit fitting shoehorn and stop wasting time fighting with stubborn conduit.
- **VERSATILE** – Made for 2” PVC LB fittings but can be adapted to most 2” metal LBs. The LB Wire Guide has a double-ended design that can be used to fit either end of the conduit body.
- **SAFE** – Using a wire guide helps prevent your knuckles from scraping across LBs as you feed conduit through. Keep your hands in good shape so you can continue to work comfortably. LB Wire Guide is the easiest way to protect your hands while working with conduit fittings.
