Wolff Bros. Supply proudly stocks a variety of Saniflo products, including macerator and drain water pumps, toilet bowl and tanks, and extension pipe.

Saniflo is the world leader in the plumbing industry with above-floor technology. This innovative method of using above-floor technology, allowing pumps to offer solutions for both residential and commercial needs that were originally impossible. Whether it's a small project requiring drain and condensate pumps to more complex engineered jobs, such buildings with multiple fixture units, Saniflo has a solution; All you need is water supply and electricity.
